

Data Dialogue

Data science outreach

Liam D. Bailey

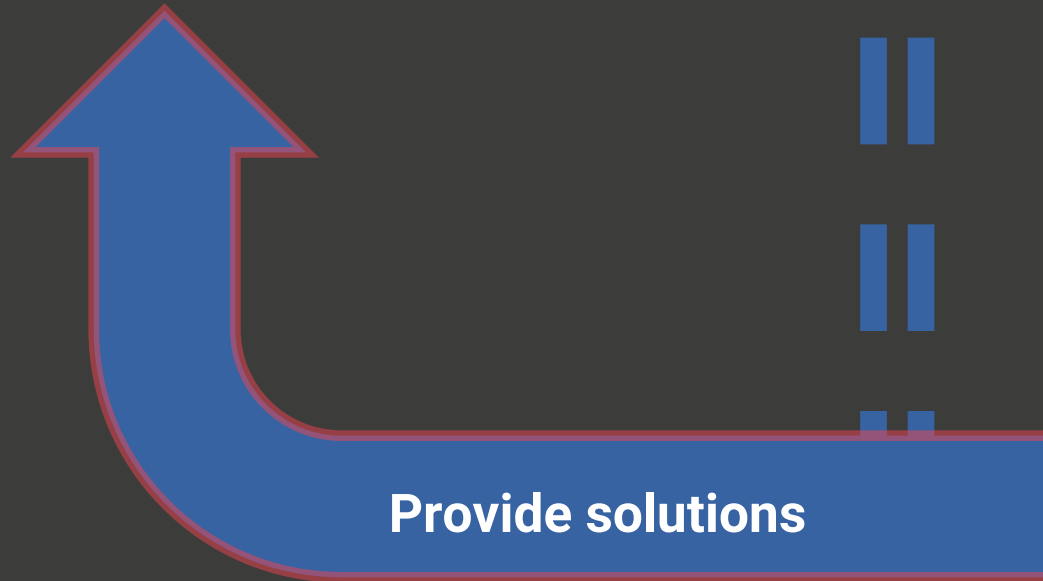

NGOs

- Important goals!
- Resource limited
- Data inexperienced

CorrelAid

- Aim to help NGOs
- Volunteer network
- Data experienced

NGO Data Challenge Pitch

Summarise an NGO's data challenges

What (data) limits do you reach in your daily work?

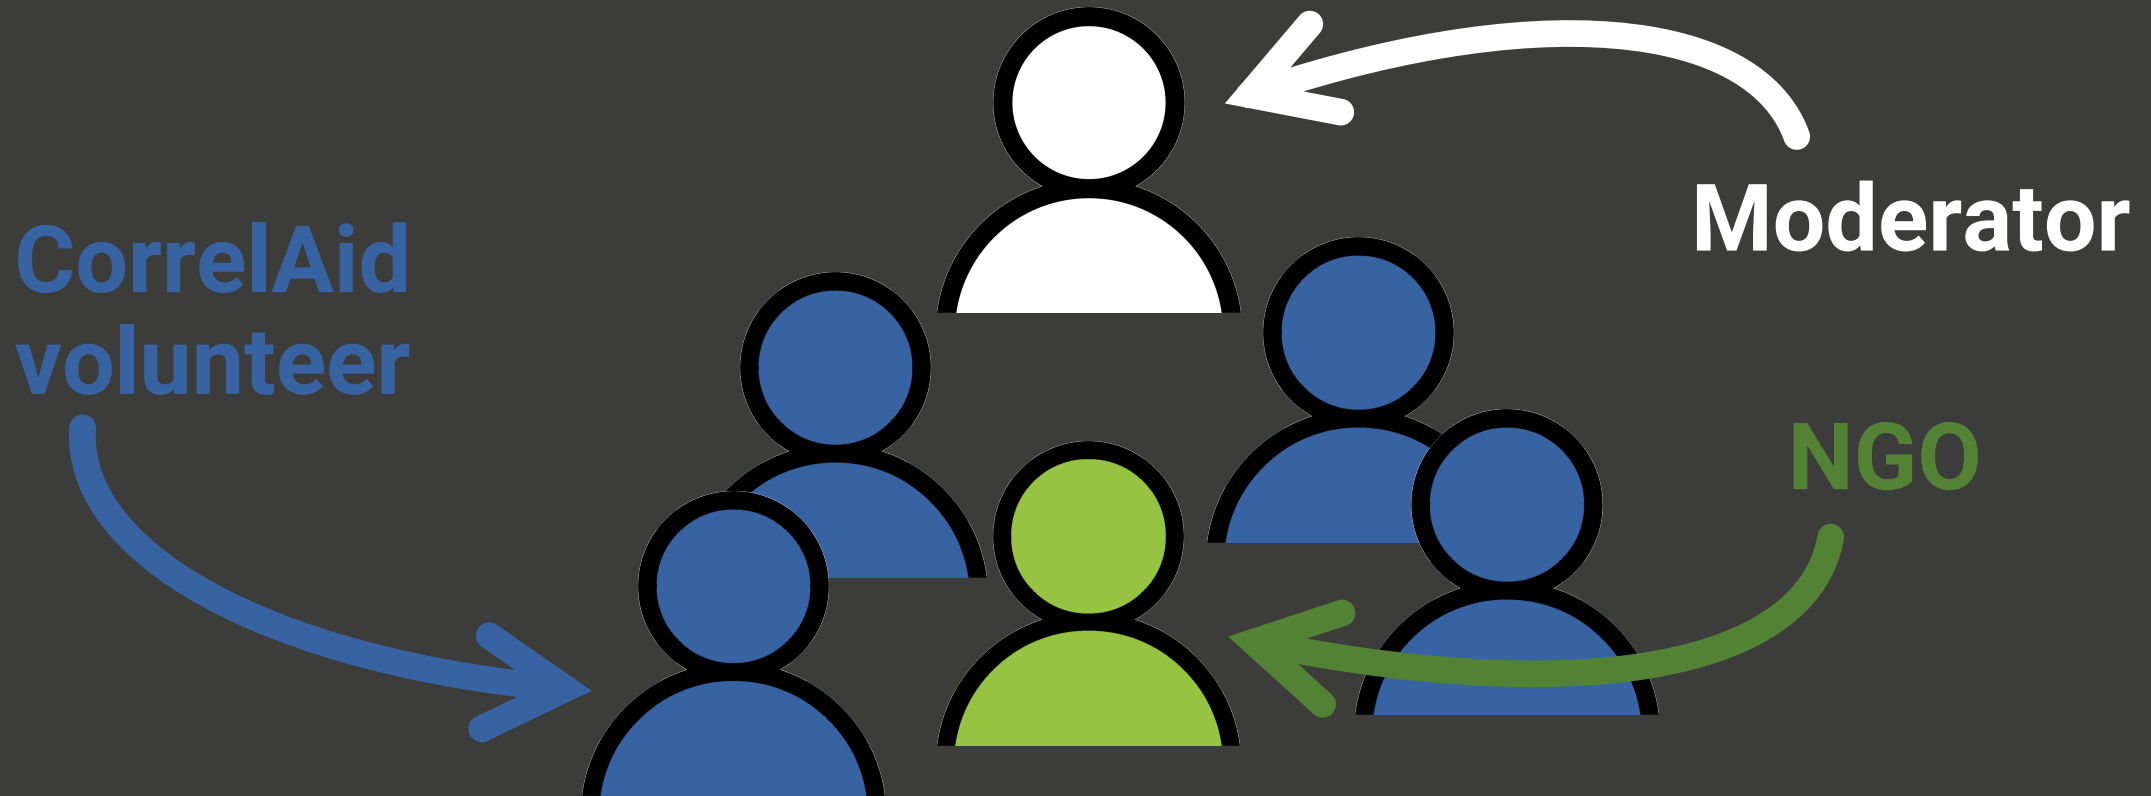

Do you already have some data?

What is your level of data experience?

Data Dialogue

An open dialogue between non-profit organisations and the data science community

Data Dialogue

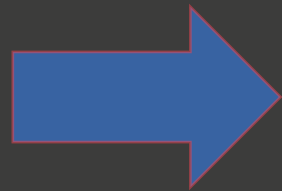

An open dialogue between non-profit organisations
and the data science community
